EDUCATION

FPT University 2023 - now

Software Engineering GPA: 3.5/4.0

Specialization:
.NET Programming

TECHNICAL SKILLS

- Languages: Python, C, Java, C#
- Frameworks: JSP/Servlet, .NET
- Database: SQL Server, MySQL
- Tools: Git, Visual Studio, VS Code
- Other: HTML, CSS, MS Office

SOFT SKILLS

- Logical thinking
- Leadership & Communication
- Teamwork
- Attention to detail

LANGUAGE

English

About Me

I am looking for a .NET Developer internship where I can learn from real projects and improve my coding skills.

I want to apply what I have learned at school, gain more experience in backend development, and understand how software projects work in a real company.

I am willing to learn, work hard, and grow into a better developer.

ACADEMIC PROJECTS

Jul 2025

Clinic Management System – JSP/Servlet (Team Leader)

- Developed a web-based clinic management system for handling patients, doctors, and appointments.
- Designed database structure and handled backend logic.
- Tech stack: Java, JSP/Servlet, SQL Server, HTML/CSS.

Jul 2025

IoT People Counter System (Team Leader)

- Built an IoT system that counts customers entering a store and displays data in a mobile app.
- Tech stack: Arduino, MIT App Inventor, Google Sheets integration.

LEADERSHIP & ACTIVITIES

- Team leader in multiple academic projects (3–5 members).
- Experienced in project management and group coordination.
- Member of AI Club (FPTU); participated in club's hackathon and won the first prize.

CURRENTLY LEARNING

.NET Framework, Entity Framework, MySQL
